

# USTC MBA Program in Suzhou (2023)

## Programs

MBA in Innovation and Entrepreneurship

MBA in Global Business Management

## Overview

USTC's MBA program is a high-level program for experienced executives who wish to increase their managerial and strategic skills in an international environment. It allows participants to develop a global and innovative strategic vision in today's complex, unpredictable and interconnected world. This program is a real springboard to reach strategic missions inside your company, reorient your career path or even launch your own business.

Duration: 2 years (1 year for course study + 1 year for internship and thesis)

Instruction Language: English

Tuition: 150,000 RMB in total for each student (8,000 RMB for the first year)

Start Date: September 2023

Application Period: From Oct 20<sup>th</sup>, 2022 to Feb 15<sup>th</sup>, 2023

Online application: <http://isa.ustc.edu.cn/>

Basic Application Requirements: holding Bachelor's degree; at least 3 years' working experience; at least two recommendation letters; English proficiency certificate

School/Department: School of Management of USTC

Scholarships: In general, one third of the registered international students could get scholarships, about 50,000RMB, to cover their tuition, and/or accommodation, and/or stipend, based on their semester or annual academic performance.

## **Our advantages**

USTC's MBA program is the only one of its kind that acquires three top business school accreditation, namely AACSB, AMBA and QS 5 Stars.

The program allows students to learn in an environment with both Chinese and Western cultures, providing a unique Chinese perspective in the standard business education.

The program provides a variety of electives for students to customize their curriculum by combining different electives.

The program is delivered by USTC faculty members and foreign experts from different fields. Most faculty members hold a PhD degree from top schools in North America or Europe.

The program has a double-degree agreement with the MBA Program at Foster School of Business, University of Washington, Seattle. These excellent international students could also apply for exchange program which provides students to study in EM Strasbourg Business School, Université de Strasbourg. Students also have the chance to travel to a variety of partner schools in North America, Europe and Asia. Students can get access to USTC MBA alumni network with more than 8,000 graduates in China.
